GAINST ANNEXATION.

E PEOPLE RECORD THEIR PRO-TEST.

inst Consolidation with Newark. —The Opposition Steadily on the Increase—Displeased with Senator McCarter's Efforts to Force An Election.

The ranks of the opponents to the ewark annexation scheme are steadily creasing, and judging from a comparison of numbers and influence as portrayed in the anti-petition published this week, the annexation scheme is one of the most unpopular projects that has been before the people here in many years.

The attitude of Senator McCarter in determining to force a vote of the people on this question is not at all pleasing to many people here. The annexationists are trying to make capital out of the efforts to kill the bill in the Legislature by declaring that the "Antis" are afraid of a vote on the measure. That is not the case but the fact is that the opposition to annexation is so confident that the measure is so unjust and unpopular that it is absurd to put the people to the expense of an election.

FOR ANNEXATION.

NAMES OF PEOPLE WHO SIGNED TO GO TO NEWARK.

Only One Hundred and Fifty Out of Three Hundred and Seventy Names Appear on the Tax List—Represent Taxable Valuations Amounting to Only $266,100.

The Senate Committee on Municipalities on Wednesday gave the opponents of annexation an opportunity to look over the list of names of people who had signed the petition in favor of annexation to Newark. The list contained three hundred and seventy names, only one hundred and fifty of which appear on the tax books of the town as taxpayers, and who represent taxable valuations to the amount of only $266,100. Twenty-three women signed the annexation petition, fourteen of whom are not taxpayers.

The signatures to the petition against annexation number a few short of seven hundred, and about five hundred of these names are on the tax list and represent taxable valuations amounting to about two million dollars. Six women have signed the anti-annexation petition, and all of them are property owners. In every phase of this battle that has thus far been fought the anti-annexationists have demonstrated that both might and right are on their side, and if the Legislators at Trenton will give heed to the facts, they cannot, in justice to this community, do otherwise than kill the annexation bill.

The names of the people who have signed for annexation are as follows:

The Cemetery Case.

It is stated on good authority that the Lutheran Realty and Cemetery Company, which owns St. James Cemetery in this town, will again apply to the State Board of Health for its consent to conduct a cemetery here. It is contended that the setting aside of the consent previously obtained from the State Board of Health by the Supreme Court was simply a tecnical victory for the opposition to the cemetery. It is claimed by the cemetery people that the court sustained the State Board's right to act in the matter, but the action it had taken was irregular only. Hence the State Board will be asked to begin over again with the case and follow the course indicated by the court's decision.
